LOK SABHA

The following Bills were introduced in Lok Sabha on the 18th March, 1980:-

BILL No. 65 of 1980

A Bill further to amend the Requisition and Acquisition of Immovable Property Act, 1952.

BE it enacted by Parliament in the Thirty-first Year of the Republic of India as follows:—

1. (1) This Act may be called the Requisitioning and Acquisition of Immovable Property (Amendment) Act, 1980.

Short title and commencement

- (2) This Act, except section 4 thereof, shall be deemed to have come into force on the 7th day of March, 1980.
- 2. In section 6 of the Requisitioning and Acquisition of Immovable Property Act, 1952 (hereinafter referred to as the principal Act), in subsection (1A), for the words "ten years", wherever they occur, the words "fifteen years" shall be substituted.

Amendment of section 6.

30 of 1952. Amendment of section 8.

- 3. In section 8 of the principal Act, in sub-section (2A),—
- (a) in clause (a), for sub-clause (ii), the following sub-clause shall be substituted, namely:—
 - "(ii) secondly with effect from the expiry of five years, and thirdly with effect from the expiry of ten years, from such commencement;";
- (b) in clause (b), for sub-clause (ii), the following sub-clause shall be substituted, namely:—
 - "(ii) secondly with effect from the date of expiry of five years, and thirdly with effect from the date of expiry of ten years, from the date on which the revision made under sub-clause (i) takes effect;";
- (c) for clause (c), the following clause shall be substituted, namely:—
 - "(c) in any other case,—
 - (i) first with effect from the date of expiry of five years from the date on which possession of such property has been surrendered or delivered to, or taken by, the competent authority under section 4, and
 - (ii) secondly with effect from the date of expiry of five years from the date on which the revision under sub-clause (i) takes effect.".

Amendment of section 22.

- 4. In section 22 of the principal Act, for sub-section (3), the following sub-section shall be substituted, namely:—
- "(3) Every rule made under this Act shall be laid, as soon as may be after it is made, before each House of Parliament, while it is in session, for a total period of thirty days which may be comprised in one session or in two or more successive sessions, and if, before the expiry of the session immediately following the session or the successive sessions aforesaid, both Houses agree in making any modification in the rule or both Houses agree that the rule should not be made, the rule shall thereafter have effect only in such modified form or be of no effect, as the case may be; so, however, that any such modification or annulment shall be without prejudice to the validity of anything previously done under that rule."

Repeal and saving.

- 5. (1) The Requisitioning and Acquisition of Immovable Property (Amendment) Ordinance, 1980, is hereby repealed.
- (2) Notwithstanding such repeal, anything done or any action taken under the principal Act, as amended by the said Ordinance, shall be deemed to have been done or taken under the principal Act, as amended by this Act.

According to the provisions of the Requisitioning and Acquisition of Immovable Property Act, 1952 as these existed immediately before the amendment of the Act by Ordinance No. 1 of 1980, all the properties, which were requisitioned prior to the amendment of the aforesaid Act in 1970, were required to be released from requisition or acquired by the 10th of March, 1980. However, it was found that a large number of these properties are required to be retained by the Ministry of Defence or by the Ministry of Works and Housing and other Ministries beyond 10th March, 1980, for public purposes. In the case of Ministry of Defence, their difficulties in either releasing or acquiring the requisitioned properties which include land are mainly due to strategic reasons and lack of funds for acquiring the land. Now a phased programme for acquiring these properties within a period of three to five years is under contemplation of that Ministry. Similarly, in the case of Ministry of Works and Housing, the need to continue the properties under requisition beyond the aforesaid date stems from the utter inadequacy of office accommodation for various Ministries/Departments. It was, therefore decided to extend the maximum period for which properties could be retained under requisition by a period of five years.

- 2. The amendment made in the parent Act in 1975 provided for revision of recurring part of compensation in respect of properties which were under requisition for a period of five years or more preceding the commencement of the aforesaid amendment. In order to avoid hardship to the owners whose properties are under requisition it was considered necessary to provide for one more revision of the above referred to part of the compensation.
- 3 In the circumstances stated above, the Act was amended through the Requisitioning and Acquisition of Immovable Property (Amendment) Ordinance, 1980 (1 of 1980), so as to extend the period for which the properties could be retained under requisition by five years and to provide for one more revision of the recurring part of compensation.
- 4. This Bill seeks to replace the aforesaid Ordinance with a minor modification seeking to substitute sub-section (3) of section 22 of the Act by the provision recommended by the Committee on Subordinate Legislation in relation to the laying of rules before Parliament.

New Delhi;

P. C. SETHI.

The 11th March, 1980.

PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE CONSTITUTION OF INDIA

[Copy of letter No. 19016(2)/79-Pol. IV, dated the 14th March, 1980 from Shri P. C. Sethi, Minister of Works and Housing to the Secretary, Lok Sabha.]

The President, having been informed of the subject matter of the Requisitioning & Acquisition of Immovable Property (Amendment) Bill, 1980, has recommended to Lok Sabha the consideration of the Bill under article 117(3) of the Constitution.

FINANCIAL MEMORANDUM

Clause 2 of the Bill seeks to make certain amendments to sub-section (1A) of section 6 of the Requisitioning and Acquisition of Immovable Property Act, 1952, for extending the maximum period for which properties may be retained under requisition by a further period of five years.

- 2. The aforesaid amendment will involve an additional expenditure in case of properties retained under requisition for the whole or any part of the additional period of five years, because compensation by way of recurring payment towards rent will have to be paid during such period. It is not possible to estimate accurately the quantum of expenditure towards payment of compensation as it will depend on the number of properties which may be retained under requisition during the extended period. However, the annual liability (towards payment of compensation for requisitioned properties) under the Act may be of the order of Rs. 180 lakhs.
- 3. In section 8 of the principal Act, sub-sections (2A) and (2B) were inserted by the Requisitioning and Acquisition of Immovable Property (Amendment) Act, 1975, to provide for revision of the amount of compensation, quinquennially. According to these provisions, the amount of compensation payable for properties under requisition is to be revised in the manner indicated therein. The extension of the period of retention of properties under regulsition will result in another quinquennial revision of the compensation and provision for such a revision has been made in clause 3 of the Bill. These provisions will involve an additional expenditure of a recurring nature. It is not possible to estimate such additional recurring expenditure because the revised rates will be fixed by the competent authority keeping in view the circumstances prevailing at the time of such revision. The amount of expenditure will also depend upon the periods for which different properties may be retained and it is not possible to estimate at this stage as how long it would be necessary to keep different properties under requisition. However, it is estimated that the annual additional liability on account of revision of recurring part of compensation may be well over one crore rupees. The land under requisition is mainly held by the Ministry of Defence who propose to acquire a large portion of it over the next five years. It is estimated that the non-recurring liability on this account may be between 10 and 15 crore rupees. With the derequisitioning of the existing buildings and acquisition of land and buildings as planned by the Government, the annual compensation payable will come down.

MEMORANDUM REGARDING MODIFICATION CONTAINED IN THE BILL TO REPLACE THE REQUISITIONING AND ACQUISITION OF IMMOVABLE PROPERTY (AMENDMENT) ORDINANCE, 1980.

Section 22 of the Requisitioning and Acquisition of Immovable Property Act, 1952 (30 of 1952) provides for the power to make rules and sub-section (3) thereof makes provision for laying of rules before Parliament. An opportunity has been taken to substitute the said sub-section (3) by a new provision which has been recommended by the Committee on Subordinate Legislation. Clause 4 of the Bill reflects the aforesaid modification. The Bill does not involve any other deviation from the Ordinance.

BILL NO. 64 OF 1980

A Bill to amend the Smugglers and Foreign Exchange Manipulators (Forfeiture of Property) Act, 1976.

BE it enacted by Parliament in the Thirty-first Year of the Republic of India as follows:—

Short title and commencement.

- 1. (1) This Act may be called the Smugglers and Foreign Exchange Manipulators (Forfeiture of Property) Amendment Act, 1980.
- (2) It shall come into force on such date as the Central Government may, by notification in the Official Gazette, appoint.

Amendment of section 12 of Act 18 of 1976.

- 2. In section 12 of the Smugglers and Foreign Exchange Manipulators (Forfeiture of Property) Act, 1976 (hereinafter referred to as the principal Act),—
 - (a) after sub-section (6), the following sub-section shall be inserted, namely:—
 - "(6A) Notwithstanding anything contained in sub-section (6), where the Chairman considers it necessary so to do for the expeditious disposal of appeals under this section, he may constitute a Bench of two members and a Bench so constituted

may exercise and discharge the powers and functions of the Appellate Tribunal:

Provided that if the members of a Bench so constituted differ on any point or points, they shall state the point or points on which they differ and refer the same to a third member (to be specified by the Chairman) for hearing on such point or points and such point or points shall be decided according to the opinion of that member.";

- (b) after stib-section (7), the following sub-section shall be immerted, namely:—
 - "(8) On application to the Appellate Tribunal and on payment of the prescribed fee, the Tribunal may allow a party to any appeal or any person authorised in this behalf by such party to inspect at any time during office hours, any relevant records and registers of the Tribunal and obtain a certified copy of any part thereof."

Amendment of section 26

- 3. In section 26 of the principal Act, in sub-section (2), after clause (a), the following clause shall be inserted, namely:—
 - "(da) the fees which shall be paid for the inspection of the records and registers of the Appellate Tribunal or for obtaining a

Sub-section (6) of section 12 of the Smugglers and Foreign Exchange Manipulators (Forfeiture of Property) Act, 1976 provides that the Chairman of the Appellate Tribunal under that section may constitute Benches consisting of three members for hearing appeals under the Act. As only a three-member Tribunal has been constituted under the section, in the day-to-day working of the Tribunal it has been found that when one member avails himself of leave on ground of illness etc., the Tribunal is not able to function. It is, therefore, proposed to amend this section to provide for constitution of Benches consisting of two members and to make a suitable provision for resolving differences which may occur on any point or points between such members while disposing of an appeal.

- 2. It is also proposed to avail of the present opportunity to implement the assurance given to the Lok Sabha Committee on Subordinate Legislation [vide Tenth Report of the Committee on Subordinate Legislation (Sixth Lok Sabha) pages 14 to 15] to the effect that the rule-making provision in the Act would be suitably amplified so as to spell out expressly that the power thereunder to make rules includes the power to provide for fees for the inspection of records and the registers of the Appellate Tribunal or for obtaining certified copies of any part thereof.
 - 3. The Bill seeks to achieve the above objects.

NEW DELHI; The 8th March, 1980. R. VENKATARAMAN.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 3 of the Bill seeks to amend sub-section (2) of section 26 of the Smugglers and Foreign Exchange Manipulators (Forfeiture of Property) Act, 1976 to insert a new clause (aa) therein. The new clause is for providing that rules may be made under the section with respect to the fees which shall be paid for the inspection of the records and the registers of the Appellate Tribunal or for obtaining a certified copy of any part thereof under sub-section (8) of section 12. This pertains to a matter of detail. Hence the delegation of legislative power is of a normal character.

BILL No. 49 of 1980

A Bill to provide for the withdrawal of certain sums from and out of the Consolidated Fund of the State of Punjab for the services of a part of the financial year 1980-81.
